

A Just and Fair Society

If elected as MP I pledge:-

1. I will ensure that the principles set down by the Magna Carta, enshrining justice for all, will be upheld and protected.
2. I will ensure that our past, where miscarriages of justice and inequality were prevalent, will not become our future.
3. I will ensure that the integrity of the British justice system, so admired and aspired to throughout the world, is maintained, nurtured and promoted.
4. I will not support any further cuts to the legal aid budget and demand the immediate cessation of the crime dual contract tendering process
5. I will support a review of access to justice within the first year of a new Parliament to consider the effect of recent cuts and changes to legal aid funding.
