**Re: Evidence.com – Rollout for all multimedia evidence**

With effect from **Monday 6 July 2020**, the way we share all multimedia evidence with you will change.

The use of Evidence.com has been expanded by the Metropolitan Police Service and we will share all multimedia including Body Worn Video by way of via Evidence.com

There may be a dual process for some time as there will be Egress cases already in the system. If we have already shared multimedia with you using the Egress system, but further material is supplied by way of Evidence.com, we will share those links with you.

All London boroughs will go live together Monday 6 July 2020.

We hope that you will find this as a positive change but if you do have any queries or concerns email [London.Magistrates@cps.gov.uk](mailto:London.Magistrates@cps.gov.uk) or [London.Crowncourt@cps.gov.uk](mailto:London.Crowncourt@cps.gov.uk)

Yours sincerely
